CORE SCIENCE PROGRAM (96 UOC)

GEOS1601
Geog. of Australian Identities
(6UOC)

GEOS1701
Environ Systems & Processes
(6UOC)

MATH1041
Stats for Life & Soc Sciences
(6UOC)

Science Level I elective
(6UOC)

BEES2041
Data Analysis: Life & Earth Science
(6UOC)

Plus 12 UOC from:
GEOS2001, GEOS2641, GEOS2711,
GEOS2721, GEOS2811, GEOS2821

GEOS3911
E.I.A.
(6UOC)

Plus 18 UOC from the following courses:
GEOS3611, GEOS3621, GEOS3641, GEOS3651,
GEOS3721, GEOS3731, GEOS3761, GEOS3811,
GEOS3821, GEOS3921

Science elective
(6UOC)

• Is there 24 UOC of level I 'Science' courses included in the major? (No – you need to use one of your science electives to complete a level 1 course.)

• 'Science' courses are defined as per Table 1.

• Science electives can be used to complete a double major.

• **Recommended Electives** (these 6 UOC courses are not required but are recommended as good complementary courses for this major when choosing electives):

BIOS1301, BEES3041

BREADTH (48 UOC)

General Education Elective
(6 UOC)

NOTES:

• This breadth component is not completed where students undertake a concurrent degree program. Instead students combine the core Science program with the core for the other UNSW program;

• Free electives in the single degree may be used to complete a double major.

• Students cannot take 'Science' or GEN### courses as their General Education electives.

SINGLE DEGREE SCIENCE PROGRAM (144 UOC) [96 UOC core + 48 UOC breadth]

• In the single degree program a maximum of 72 units of credit of level I courses can be taken, including any GEN#### course or mainstream level I course taken to fulfil the 12 UOC general education requirement.
