A total solar eclipse will be visible from northern Australia on Wednesday, November 14 2012. For those in Sydney, up to 68% of the sun will be covered. UNSW Physics Outreach will have telescopes available with filters to safely view the partial solar eclipse.

When:  Wednesday, November 14th 2012  
Begins 7:07 AM; Maximum 8:03 AM;  Ends 9:04 AM

Where:  Physics Lawn  
UNSW Kensington Campus (near Gate 14, Barker St)

Enquiries:  E: Vicki.Lowe@unsw.edu.au or T.Garby@unsw.edu.au  
W: www.outreach.phys.unsw.edu.au/events_solareclipse.html
https://www.facebook.com/events/373821189366833/

In the event of cloudy weather, this event will be cancelled.

Do **NOT** look at the sun without the proper protection. Sunglasses will not work!
