Thermal Analysis Seminar

School of Materials Science and Engineering, Room G10
University of New South Wales
14 February 2014
10:00 am to 3:00 pm

Seminar Presenter
Dr Zhiqiang Zheng, Ph.D.
NETZSCH Application Manager

Proceedings of Seminar
Modulus Operandi
10:00 – 10:45 Thermal diffusivity testing by Laser Flash apparatus: principle and applications
10:45 – 11:00 Morning Tea
11:00 – 12:00 Thermal mechanical Analysis and Dynamic Mechanical Analysis
12:00 – 13:00 Lunch
13:00 – 15:00 TG-DSC-STA: capabilities and operation tips

Target Groups
Thermal engineers, systems engineers, academia and students involved in thermal sciences research. Representatives from industry, government, and the military are encouraged to attend.

For more information, contact Jiunn Jieh Lee at Jiunnjieh.lee@netzsch.com or +61 4 0857 3055, Ruoming Tian at r.tian@unsw.edu.au or +61 2 9385 7971
