Seminar Session (Science):
Title: UNSW Science for Society: A focus on Biotechnology, Materials Technology, Medical Sciences and Psychology.
UNSW Science is where the brightest minds converge to learn, explore, discover and grow. Our programs provide a breadth of choice and a depth of knowledge to suit your talents and interests. We offer state-of-the-art laboratories and high quality facilities including a new $145 million Materials Science and Engineering Building and a new multi-million dollar Biosciences Building that will complete our upper campus Biomedical Precinct.

Time 2.00pm - 2.45pm

Seminar Session (Business):
Title: Explore Global Opportunities in a top-notch degree at UNSW Business School
Experience the difference with a curriculum designed in close consultation with the industry and packed with global opportunities to ensure you emerge ahead of your peers. Come find out more on what we offer at UNSW Business School.

Time 3.00pm - 3.45pm

Q&A Discussion Panel Session:
Join us in a panel discussion where UNSW staff, alumni and students discuss about our degree offerings, opportunities, support services provided for you at UNSW Australia as you embark on a degree in Business, Science or Technology.

Time 4.00pm - 5.00pm

QS Rankings
46th in the world
1st in Australia for Accounting and Finance

“The importance of STEM (Science, Technology, Engineering, and Mathematics) cannot be underestimated, as they are the core educational competencies needed for an economically productive future.”
– Digital Pulse by PricewaterhouseCoopers Australia 2015
