

Science Core Requirements (96 UoC)

Recommended Electives

These courses are not required for this major, but are recommended as good complementary courses when selecting electives:

CHEM1011 or CHEM1031, GEOS2071, BIOS3081, BIOS3091, GEOS3911

Breadth (48 UoC)

Breadth component is not completed when students undertake a dual degree program.

\*General Education:

Students cannot take 'Science' or GEN\$ courses for their General Education electives.

Rules

- The Biology major is 72 UoC
- The Science Core is comprised of 'Science' courses so that the *major* + 'Science' *electives* = 96 UoC
- Students must declare their major before enrolling in Level 2 courses
- Students must complete at least 24 UoC of 'Science' Level 1 courses
- In the single degree, students cannot complete more than 72 UoC of Level 1 courses, including any GEN\*#### courses or mainstream Level 1 courses taken for General Education
- Students may use their Science and/or free electives to complete a double major
- Free electives may be from Science or from any other Faculty at UNSW

Single Degree Program = 144 UoC (96 UoC Core + 48 UoC Breadth)
