Where will a career at Macquarie take you?
Macquarie at a glance

Macquarie is a diversified financial group providing clients with asset management and finance, banking, advisory and risk and capital solutions across debt, equity and commodities.

A career at Macquarie means you’ll have the opportunity to develop and utilise new skills, explore interesting fields and do challenging work that will impact the lives of people around the world—whether it’s accelerating the green energy transition, helping sustain global food supplies, financing social housing projects or investing in essential infrastructure.

At Macquarie, we’re empowering people to innovate and invest for a better future.

How will you make a difference with Macquarie?

Did’t study finance?

At Macquarie, we value diversity of thought from people with different backgrounds. We’re always looking for people who share our drive for innovation, ideas and excellence, no matter what their university degree is.

Types of roles we hire:

- Accounting and finance
- Asset management
- Corporate operations and strategy
- Technology and data
- Retail banking
- Corporate finance, M&A and markets
- Risk
